ABOUT THE WILDFIRE RECOVERY COMPENSATION PROGRAM

VOLUNTARY

FAST AND FAIR

WITH OR WITHOUT AN ATTORNEY

STREAMLINED APPLICATION

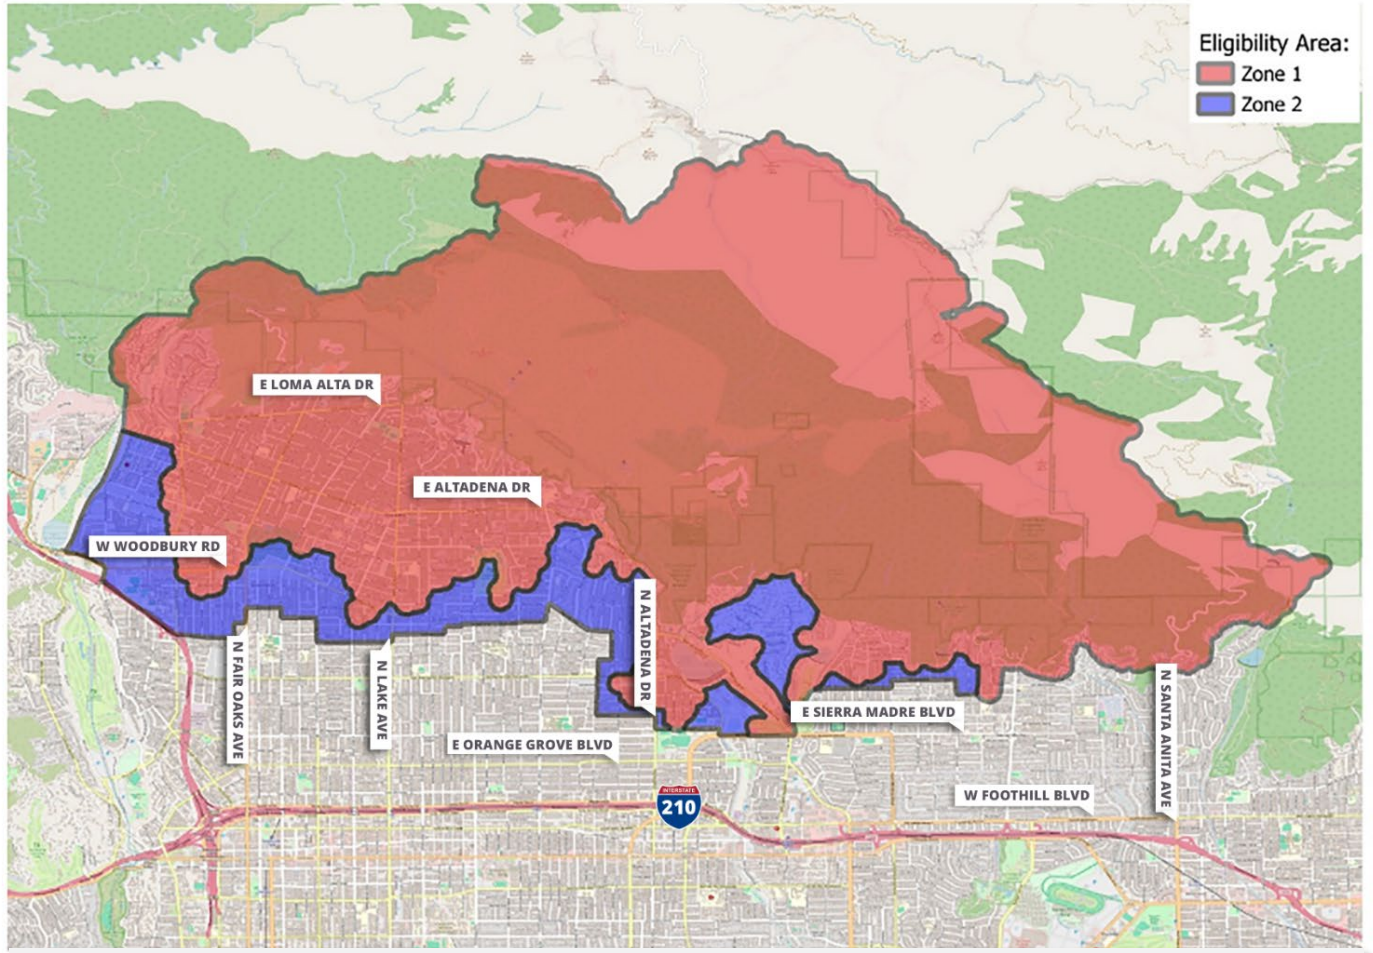

ELIGIBILITY AREA

	ZONE 1	ZONE 2
TOTAL LOSS[1]	5,897	0
PARTIAL LOSS	770	7
SMOKE/SOOT/ASH	5,984	5,579
INACCESSIBLE[2]	30	0
SUBTOTAL	12,681	5,586
TOTAL	**18,267**	

[1] Total loss according to DINS (Damage Inspection Program) Classifications (determined by CALFire).

[2] Inaccessible refers to structures or properties that could not be physically inspected by CALFire field teams due to safety concerns, blocked access or other logistical barriers during the damage assessment process. Individual assessment will be performed to determine loss category.

[3] The table above includes only primary structures and represents a subset of all structures located within the defined eligibility area.

Eligibility Area expanded beyond original CALFire-designated fire perimeter, nearly doubling number of qualified properties with non-burn damage.

FAST AND FAIR RESOLUTION

- Many will find this approach valuable in avoiding the expense and delays of protracted litigation, which can take years to resolve
- Settlement offers will be generally commensurate with comparable settlements in past wildfire lawsuits
- Through a Fast Pay option, claimants will receive a settlement offer within 90 days of a substantially complete submission

PROMPT COMPENSATION

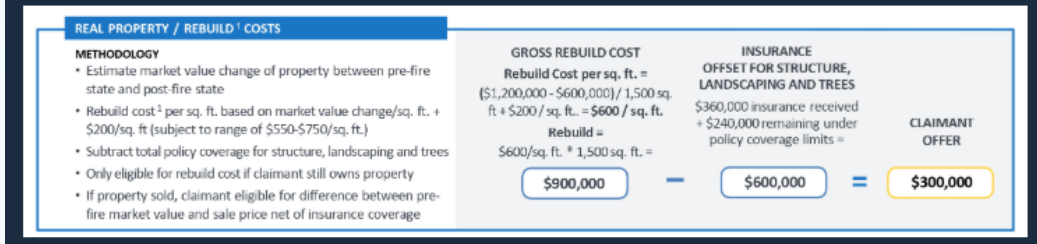

Payments will be made within 30 days after all conditions have been satisfied in the settlement agreement, including SCE's receipt of it — signed and notarized

COMPENSATION AVAILABLE

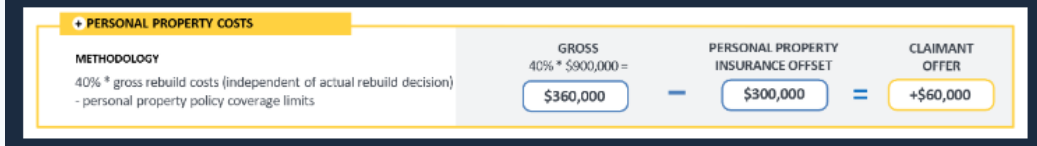

- **Economic Loss:** Property damage, personal property, loss of use, business disruption, business interruption, physical injury, death (minus available insurance for most categories)
  - If an offer is reduced by insurance, a claimant may still pursue remaining policy coverage
- **Non-Economic Loss:** Non-economic damages are intended to compensate individual claimants for personal impacts that are not financial in nature.
- **Attorneys' Fees:** 20% of net damages (not including the Direct Claims Premium) for claimants represented by counsel at the time they submit the claim form (not available on some damage components in litigation)
- **Direct Claim Premium:** Additional compensation for settling through the program (not available in litigation)
