Cobb County Middle School Students honored in waterSmart Calendar Contest

Cobb County Water System (CCWS) and the Cobb County-Marietta Water Authority (CCMWA) congratulate the winning students of the 14th annual Middle School waterSmart waterArt Calendar Contest.

This year's winners are: Amani W. from JJ Daniell Middle School; Quentin C., Taylor Ann E., and Kathyayini Y. from Dickerson Middle School; Maddux C. from Durham Middle School; Celia M. and Ellie S. from East Cobb Middle School; Trace G. from Lovinggood Middle School; Norah T. from McCleskey Middle School; Gabriel S. from Palmer Middle School; and Juliana C. and Abrina C. from Simpson Middle School.

Students from twelve Cobb County middle schools submitted original artwork, judged on creativity, relevance, and artistic ability. All winning artwork is virtually displayed at <https://www.flickr.com/photos/cobbwater/albums/72177720313333447>. The winning entries are featured in the 2024 waterSmart waterArt calendar distributed throughout Cobb County.

This contest is a collaborative program of CCWS and CCMWA that encourages students to creatively answer the question "How is Water Important to Me?" The waterSmart program initiated in 2000 by CCMWA to educate their service area residents of all ages about the importance of indoor and outdoor water conservation and to help encourage sustainable year-round conservation.
