# AFFORDABLE AND DURABLE

The Aero boasts a simplistic, clean look with its guest or side chairs, with black fabric seats and titanium frames. This collection offers you two different options, including a guest or side chair with arms or one that is armless. No matter which one you choose, your guests or customers will be comfortable as they wait. The chairs in this collection also are stackable for easy storage. With its cushioned seat and breathable back rest, the Aero Collection is your solution for affordable and durable seating in your office, conference room, or waiting room.
