## CUSTOMIZABLE & COMFORTABLE

The Integrate Collection of furniture allows you to easily design and create a custom seating solution that will meet the lobby, waiting room, or collaborative needs of your facility. Each of the pieces in this collection has been created to fit seamlessly together, so that you can design the seating solution that will best meet the needs of your business, school, or hospital. You'll find that the upholstery is easy to keep clean, and will provide you with many great years of simply looking good.
