DURABLE & PERFECT FOR ORGANIZATION

Are you having trouble organizing your important documents and files? Although you sort them out, you may still find it a difficult task to locate them later. If this scenario sounds familiar, you should invest in a lateral file from OfficeSource. With its 2, 3, 4 and 5-drawer models, these file cabinets offer sufficient space for accommodating the piles of important files that need sorted and organized. These cabinets come complete with an interlock system, preventing the chances of tipping. The heavy duty design with a full pull drawer system adds sophistication to these essential pieces of office furniture. Crafted with high quality material, these sturdy lateral files are highly durable and will serve you for years to come.
