EXPOSED CHROME & PLUSH SEATING

This sofa is not only appealing, but also extremely comfortable. This sofa comes in your choice of two upholstery colors, allowing you to match it to any office decor. Made from high quality materials, this sofa offers longevity and durability. What's more is that this sofa contains heavy duty cushioning that ensures maximum comfort and relaxation. The look of this sofa is super stylish and chic, perfect for the modern working space. However, this sofa can be used for any type of office space. What makes this sofa so stylish and unique is its exposed chrome frame, which makes the sofa appear modern. This sofa offers the best of both worlds; comfort and style. By placing these sofas in your reception area, you can rest assured that your guests will be comfortable and at ease.

CONTEMPORARY & COZY

Part of OfficeSource® Madison Collection, this loveseat is not only comfortable, but also highly attractive. Made from high quality materials, and available in your choice of two color options, this loveseat boasts a stylish design. What makes this loveseat stand out from other office furniture is its exposed chrome frame. The shiny frame becomes the focal point of the seat when you first lay eyes on it. The heavy duty cushioning on the seats makes it ultra cozy. The contemporary design of this seat is what makes it versatile and a great fit for any business space. You can place these loveseats in your office reception area, or any space you desire.

MAKE A STYLISH & CHIC STATEMENT

Contemporary furniture makes any interior space standout. Whether you are decorating the office or your home, our club chair is a great option. This chair is available in your choice of two colors, giving you the ability to choose your desired chair color based on your needs. This club chair by OfficeSource® is manufactured using heavy duty cushioning to provide maximum comfort. It is a heavily padded chair that is designed to make you feel relaxed and cozy. The materials used to design this chair are superior quality, ensuring maximum durability. The cushioning in the chair makes it last longer than most club chairs. Another quality that makes this chair desirable is its aesthetic appeal. The steel frame of this chair is exposed, making it look chic and stylish. The appearance of the chair is clean and modern, giving you a chance to add style to your other office furniture. This club chair compliments any type of work environment.
