short 4 screws

Step4

short 4 screws

Step1: Assemble frame by connecting front & back pieces to frame using 4 long screws; Do not tighten screws until step 4.

Step2: Place seat cushion inside frame.

Step3: Screw cushion to frame.

Step4: Tighten frame (long screws) and seat (short screws).

Note: Please make sure all screws are completely tightened.

Insert and loosely tighten all screws. When assembly is completed, fully tighten all screws before using. This chair is only intended for sitting. Any other use will void the warranty.

IMPORTANT NOTICE: HARDWARE PACKAGE IS ATTACHED ON THE BOTTOM OF SEAT CUSHION.
