Care & Maintenance

- ☐ Check bolts/screws periodically and tighten them if necessary.
- ☐ Use a soft, clean cloth that will not scratch the surface when dusting.
- ☐ Clean the product with mild cleanser using soft damped cloth. Do not use harsh or abrasive cleanser.
- ☐ Liquid spills should be removed immediately. Using a soft clean cloth, blot the spill gently.
- ☐ Always use protective pads under hot dishes and plates. Heat can cause chemical changes that may create spotting within the furniture finish.
- ☐ It is best to keep your furniture in a climate-controlled environment. Extreme temperature and humidity changes can cause fading, warping, shrinking and splitting of wood. It is advised to keep furniture away from direct sunlight as sun may damage the finish.
