MODEL NO. SP4224/4230/4236/6624/6630/6636/6648/6660/6672/SPG6624/6630/6636

INSTALLATION OF PANEL TO PANEL OF SOLERO

INSTRUCTIONS:

- **Step 1**: Please note that the nylon brackets are facing downward on panel (A), and upward on panel (B)
- Step 2: Lift panel (A) with nylon brackets facing downward a few inches higher so that it can "Clip Locked" onto panel (B) with nylon brackets facing upward
- **Step 3 :** To install and lock, pull panel (A) downward to lock onto left panel (B). The panel is now installed
- **Step 4**: Once panel (A) and panel (B) are in locked position, use the height adjustable glides at base of panels to adjust for any uneven floors
