

Clean Energy. Healthy Planet.

We all want to help protect our environment. In 2026, <<insert carbon-free % from 2026 Environmental Footprint Chart>> of the electricity we provide will come from carbon-free resources like wind, solar and hydroelectric plants.

Our Bright Energy Choices program lets you make the electric usage for your home or business **100% carbon-free** by purchasing Renewable Energy Credits! For most homeowners, the cost to participate is less than \$1 a month.
