

# CHILL OUT!

Beat the heat and boost your savings with Quality Install.

Thinking about upgrading your home's cooling system to beat the summer heat?

Get the most from your investment by choosing a certified Bright Energy Solutions® Quality Install contractor.

## Earn up to \$1,150 in Rebates!

Quality installation ensures your new system operates at peak efficiency, keeping your home cool and comfy while lowering your energy costs. It also extends the life of your equipment, saving you even more money in the long run.

The best part? We have **rebates up to \$1,050** for qualifying HVAC equipment. And when you work with a certified Quality Install contractor, we'll add a **\$100 bonus!**

Don't sweat this summer — boost your comfort and savings! Visit [brightenergysolutions.com](http://brightenergysolutions.com) and click **"Find Contractors"** to connect with a certified pro near you.
