

Is your home holiday ready?

Upgrade to a heat pump water heater.

The guest room is ready. The air mattress is out.
And someone's already asking who gets the first shower.
With colder weather and holiday company coming,
now's a good time to think about your water heater.

Energy Savings & \$200 Rebate

Prepare for holiday guests and explore rebates for home efficiency. Heat pump water heaters can save a household of four approximately \$550 per year on its electric bills compared to a standard electric water heater. Plus, you can **receive a \$200 rebate** when you purchase an ENERGY STAR® certified heat pump water heater.

Visit www.brightenergysolutions.com to learn more about rebates and to find a contractor. Please contact us before purchasing or scheduling service to confirm requirements.
