

online CPD

“ I would recommend Eddie to any educators seeking to develop their teaching methodology with the confidence that they will receive instruction from a highly professional individual with a depth and breadth of technical and educational expertise.”

Stephen Stott,
Education Program Manager
Autodesk Inc.,
Europe, Middle East & Africa

“ You delivered the best inset experience I have ever received in twenty five years of teaching. Your video tutorials are superb, thanks. We will definitely be subscribing to your website.”

Steve Mylchreest,
Head of Design & Tech.
Perth Academy

COURSE CONTENTS

Overview of Lofting With Rails

a suitable introduction activity

Understanding Surfaces

introductory exercise – Mould Insert

Trimming and Stitching Surfaces

establish sound routines making this Putty Knife

Surface Caps

this Screwdriver is a hybrid of Solids & Surfaces

Boundary Patch Tool

appropriate techniques for filling gaps

Swept and Lofted Surfaces

complex form created by sculpting lofted surfaces

Variety of Techniques

bring it all together by creating this power drill

Derived Work Surfaces

using surfaces to create new, matching parts

Using Solid Primitives

where to find them, how to use them

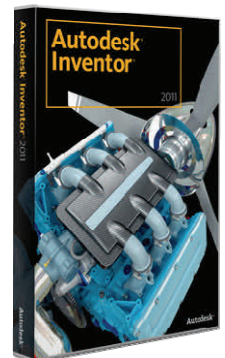

SURFACE MODELLING for AHGC

Producing complex, curvy form is often much more successful if you take a Surface Modelling approach. Surfaces are controlled by lines so they can be much more editable giving more flowing, softer curves than you might get with solid modelling. Add a whole new set of skills to your repertoire, get comfortable with surface modelling.

There can be a number of reasons why online is your preferred method of inservice delivery.

Perhaps...

- Travelling to our venues is not an option
- You want to train your whole Dept. together
- You prefer to work on your own machines
- You don't want restricted to 9.30–3.30
- You just want to brush up on your skills
- Covering for absent teachers is difficult
- You need the training **NOW !**

So how does it work ? Easy, you simply...

- Decide which course you want to learn
- Decide how long you need access for
- Decide how many people you need it for
- Let us know and we'll set it up

TYPICAL COSTS –

- **1** member of staff, 24hr access, all tutorial material – **£60**
- **1** member of staff, 48hr access, all tutorial material – **£80**
- **2** members of staff, 24hr access, all tutorial material – **£110**
