

online CPD

“ I would recommend Eddie to any educators seeking to develop their teaching methodology with the confidence that they will receive instruction from a highly professional individual with a depth and breadth of technical and educational expertise.”

Stephen Stott,
Education Program Manager
Autodesk Inc.,
Europe, Middle East & Africa

“ You delivered the best inset experience I have ever received in twenty five years of teaching. Your video tutorials are superb, thanks. We will definitely be subscribing to your website.”

Steve Mylchreest,
Head of Design & Tech.
Perth Academy

COURSE CONTENTS

Controlling Motion

rotary & linear, driven constraints bring models alive

In-depth Assembly Exercises

using a range of constraints, ready to use in class

Customising Materials

ever wanted purple chrome, rotated wood grains ?

The Split Tool

one model, two perfectly matching halves

Quick and Easy Sections

produce sections of your assemblies for no effort

Lofting With Rails

control the profile of lofted parts using sketches

Introduction to 3D Sketching

used along with the Sweep tool for complex form

Lighting Styles

applying and manipulating lighting styles

INTERMEDIATE LEVEL INVENTOR

Having passed the point where you are familiar with the basics such as making parts with simple form, you may be looking to add a level of complexity. This course will show you a wider range of modelling tools, introduce a few more assembly constraints and various other time and effort saving techniques. See below.

There can be a number of reasons why online is your preferred method of in-service delivery.

Perhaps...

- Travelling to our venues is not an option
- You want to train your whole Dept. together
- You prefer to work on your own machines
- You don't want restricted to 9.30-3.30
- You just want to brush up on your skills
- Covering for absent teachers is difficult
- You need the training **NOW !**

So how does it work ? Easy, you simply...

- Decide which course you want to learn
- Decide how long you need access for
- Decide how many people you need it for
- Let us know and we'll set it up

TYPICAL COSTS –

- **1** member of staff, 24hr access, all tutorial material – **£60**
- **1** member of staff, 48hr access, all tutorial material – **£80**
- **2** members of staff, 24hr access, all tutorial material – **£110**
