

# SPECTRE 22

The Spectre™ 22 has the quietest first round “pop” of any rimfire silencer, boasts a durable stainless steel construction, and can handle a range of ammunition from .22LR to 5.7mm. SilencerCo’s unique CTA™ (Click Together Assembly) baffle design equips the Spectre 22 to handle the harshness and debris of rimfire ammunition with ease. After heavy use – even full-auto .22LR – the Spectre 22 will remain exceptionally quiet, reliable, and user-serviceable.

## KEY PERFORMANCE FEATURES:

Most durable multi-caliber rimfire suppressor available

Compatible with both pistol and rifle hosts

Highest level of performance even when used with full auto rimfire

CTA™ baffles remains easy to clean after heavy use

Reduces sound to 113.8 dB when used with .22LR

Cleaning recommended after 1,000 rounds
