

SPECWAR

The Specwar™ is the quietest and most durable multi-caliber centerfire suppressor line we offer. Featuring patent-pending Active Spring Retention (ASR™) technology, the Specwar mounts to a proprietary flash hider or muzzle brake to facilitate solid, trouble-free lockup. Installation and removal of the suppressor takes seconds. Ease of use and an uncompromising dedication to toughness make the Specwar a top choice for sound suppression across multiple calibers.

KEY PERFORMANCE FEATURES:

Full-auto rated due to the durable Stellite™ baffles

Specwar 556, 762, and K 556 versions are all multi-caliber rated

Utilizes proprietary ASR™ quick detach mount and muzzle device systems

World-class performance with up to 35 dB of sound reduction

Warrantied down to 7" barrels for .223 Rem/5.56 mm NATO (10" barrels for 556 K), 12" barrels for .308/7.62 mm NATO, and 20" barrels for magnum calibers

K 556 version is the shortest hearing safe length possible
