## ATRO Expands Facility and Warehousing

*Greater Production & East Coast Distribution Center*

**St. Clair, MO** – ATRO Polyurethane•Solutions announces the opening of a new 18,000 square foot production expansion at its St. Clair, MO headquarters. In addition, the company announces expanded distribution capabilities, a new east coast distribution center in Harrisburg, PA.

“The demand for ATRO polyurethane parts that outperform traditional OE rubber parts in heavy duty vehicles is rapidly growing. As the industry leader, this important expansion increases ATRO’s ability to respond to that demand with speed and efficiency,” said Mark Sturmon, President & Owner of ATRO Engineered Systems. “The additional space at our headquarters plus our new east coast distribution center increase both our production capacity and our distribution capabilities.”

ATRO maintains an extensive local sales and aftermarket distributor network throughout North America and over 3,000 locations worldwide distribute its products. The Harrisburg, PA location joins Seattle, WA and the home office distribution center to insure ATRO can maintain its practice of shipping 95% of orders on the same day ordered. Customers will receive parts faster, reducing vehicle downtime and increasing productivity. The expansion at its St. Clair, MO headquarters gives ATRO a separate distribution and fulfilment facility, increasing space for new production lines and volume capacity in its existing plant.

For more information about ATRO Engineered Systems or the new warehouse call at 1-800-325-6114.

### **About ATRO Polyurethane•Solutions**

ATRO is a recognized U.S. and worldwide leader in superior suspension parts for trucks, trailers, buses, and agricultural and military vehicles and equipment. **ATRO Polyurethane•Solutions** designs and engineers specific to the application, outperforming and outlasting OE rubber and other polyurethane manufacturers’ parts by utilizing 11 proprietary formulas, ATRO POLYS. ATRO’s product line extends beyond bushings, suspensions and torque rods, and includes polyurethane solutions bumper to bumper for trucks and trailers. ATRO, located in St. Clair, MO U.S.A., was founded in 1987 and is family-owned. The company’s website is [ATROBUSHING.COM](http://ATROBUSHING.COM).
