

# Downloading A CompleteSpeech App through the Apple Store

## Before You Begin

Make sure to have an Apple iPad or iPhone available, that it's charged, connected to the internet, & that you have the Apple ID logins you want linked to the app.

- [ 1 ] Power on your Apple Mobile Device
- [ 2 ] Select the IOS App Store Icon
- [ 3 ] Select the Search tab
- [ 4 ] Search "SmartPalate" with no space & press Search
- [ 5 ] This will bring up 4 different apps created by CompleteSpeech [ 2 versions of VowelViz (Pro & Basic) & 2 versions of SpeechRacer (Lite & Pro) ]
- [ 6 ] Choose the App you wish to buy or redownload if you already purchased it
- [ 7 ] A window will pop-up asking for your Apple ID logins. Enter your Apple ID logins you want linked to the app & press "Ok"
- [ 8 ] Select continue or ok to proceed with any further verification

## Success

Success! You are now downloading the app you selected. It should appear at the end of all your currently downloaded apps. Make sure to go to YouTube & search CompleteSpeech (no space) & subscribe to our channel where there are two dozen video tutorials on our apps. Please feel free to contact us if you have any questions.
