

**Session 250**

**Date: Thursday, April 16th, 2015**

**Title: Tired of Plain Old Tests and Bellringers? Introducing Alternative Assessments**

**Speaker: Niccole Taylor, [taylornr@vcu.edu](mailto:taylornr@vcu.edu)**

**Doctoral Student, Virginia Commonwealth University**

**Math Teacher, Spotsylvania County School District in Fredericksburg, Virginia**

**Agenda**

1. What do you want help with? Expectations from this session?

2. Who am I? Who are you?

Poll Everywhere

3. Warm Ups and Bell Ringers

No Name/No Grade

Error Analysis

My Favorite No - You Tube Video

4. During a Unit

Common Formative Assessments

Feedback Only

Study Guide

5. Summative Assessments

Students Create Problems

Infographics

Real Objects' Surface Area & Volume

**I will be sharing Rubrics and Student Examples for the following topics:**

Geometry

Polygons - make your own problems

Circles - make a study guide in the form of an infographic

Unit Test on Surface Area & Volume

Pre-Calculus

Simplifying & Verifying Trig Identities- make a study guide in the form of an infographic

Error Analysis with Logarithm Properties

Parametric Equations - make your own problems
