*Dr. Gupton's Class*

### **What do we know?**

In the space below, write down three things that the Box and Whiskers Plot tells us.

### **What do we NOT know?**

In the space below, write down three things that the Box and Whiskers Plot does NOT tell us.

-----

What if I told you how many students were in Dr. Gupton's class?

What does that extra piece of information tell us about the data?

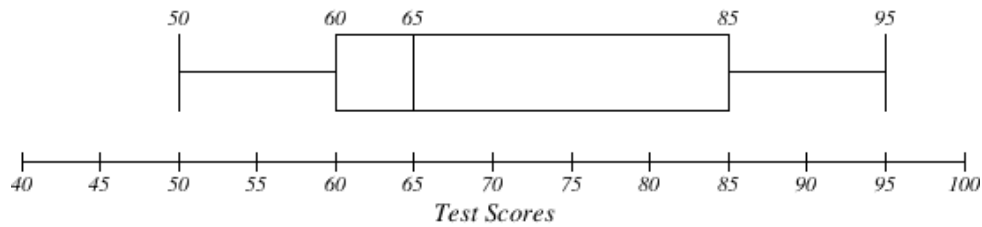

Name: \_\_\_\_\_

**Directions:** Read each statement below about the Box and Whiskers Plot.

-- If you agree with what it says, circle "Agree." Then write 1-2 sentences explaining why you agree.

-- If you disagree with what it says, circle "Disagree." Then write 1-2 sentences explaining why you disagree.

*Dr. Gupton's Class*

1. More students scored between 65 and 85 than scored between 60 and 65 on the test.

**Agree**

**Disagree**

Here is my thinking:

2. Someone definitely scored a 95 on the test.

**Agree**

**Disagree**

Here is my thinking:

3. Someone definitely scored a 65 on the test.

**Agree**

**Disagree**

Here is my thinking:

4. Someone definitely scored a 70 on the test.

**Agree**

**Disagree**

Here is my thinking:
