

III. The Second "Box from Anything"

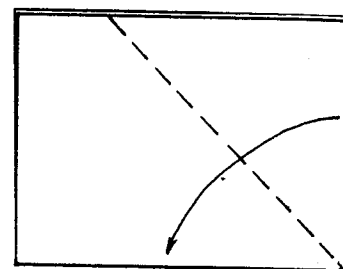

Fold a rectangle and create a box from anything in another way.

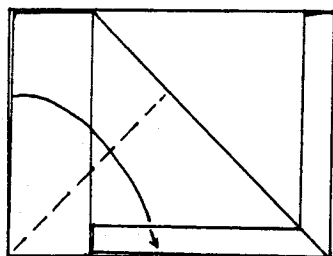

Fold an approximately 1/2" to 1" border or lip along the long edges of the rectangle.

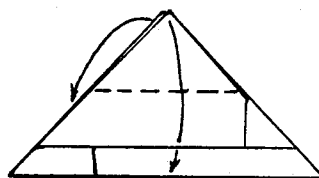

Fold the bottom edge to the top edge.

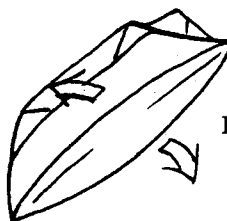

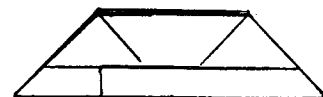

Fold one leaf of the right hand edge to the bottom edge.

Fold one leaf of the left hand edge to the bottom edge and tuck under the lip. Repeat on back.

Fold a vertex leaf to the midpoint of the bottom edge; tuck under the lip; repeat on back.

Insert fingers into the opening and pull apart!
