

Strategy 1: Disciplinary Specific Discourse with Supports

- Multiplication and division are similar because they both....
- Multiplication and division are rather different because while...
- Multiplication has/is _____, division has/is _____.
- Multiplication is similarly / in contrast, division is

Strategy 2: Unpacking Word Problems (from WestEd).

What does it say?	What does it mean?	What are my math wonderings?
Her plan for the rabbit pen includes:		
It will be in the shape of a rectangle.		
It will take 24 feet of fence materials to make.		
Each side will be longer than 1 foot.		
The length and width will measure whole feet.
