

I'm Stuck! 🤔

I can...

- Draw a picture or diagram
- Use a math tool
- Reread the problem
- Try a different strategy
- Look in your notes
- Ask a partner
- Persevere!
- Ask Myself:
 - What do I know?
 - What do I need to figure out?
 - What operation(s) do I need to use?
 - What strategy can I try?

My Partner is stuck!

I can...

- Suggest a math tool
- Help read the problem
- Suggest a different strategy
- Give a hint
- Remind him/her to look in their notes
- Ask him/her some questions:
 - What have you tried so far?
 - What could be your next step?
 - Have you thought about _____?
 - How did you get your answer?
 - Does your answer make sense?
 - What strategies have you used in the past?

***Remember: Helping doesn't mean giving your partner the answer!*
