Event Title: 580 - Mathematics in Popular Culture: An Investigation through Videos

Session Type: Session

Time: 8:00 AM - 9:00 AM

Location: Hilton Bayfront, Aqua 311

Description

An investigation of the nature of popular culture messages sent about mathematics via video and the perceptions of those messages by students, particularly any patterns by students' demographic background. Suggestions for practitioners, researchers, and popular culture consumers and creators.

Dr. Gregory Benoit - gbenoit1@bu.edu
