LAVA!

- Powerful
- Flexible
- Useful

or

- Daunting
- Difficult to understand
- Not useful?
How are people using LAVA?

Please share with us and others:

- What’s good (or bad)
- What’s helpful (or not)
- How you do things
  - Tips to share?
- What would you like in future?
People not using LAVA

Please share with us and others:

- Why not?
  - Be honest!
- What’s missing?
  - What use cases do you have?
- How can we help?
Future LAVA plans

- Refactoring!
- More docs for users
  - Hint: we want you to help write them!
- More flexibility
  - Which means…?
- Micro instances
Talk to us!

- We’ll take notes and follow up
- More sessions at future Connects
- More work planned
  - More resources needed...
