

Leading the way  
in fiber network  
infrastructure.

Our mission is to successfully  
execute every project and  
exceed the expectations of not  
only our customers but also the  
communities in which we work.  
At Stevens Fiber Group, failure is  
never an option.

Your trusted business  
partner through every  
phase.

## ● ● INFORMATION AGE

UNPRECEDENTED GROWTH FUELING

Deep industry  
experience in fiber  
construction and  
best practices

## BUILDING FOR THE FUTURE

Creating  
future-proof  
infrastructure with  
modern methods

# ABOUT US

LOCAL TO KANSAS

# Austin Stevens

Austin Stevens leads Stevens Fiber Group with energy and strategic vision, combining a deep understanding of modern telecom innovations with hands-on leadership from the ground up. Under his direction, the team integrates certified fiber-optic technicians, sophisticated design, and engineering services to deliver robust broadband and infrastructure efficiently and reliably

# Allen Meyer

Allen Meyer brings decades of telecom leadership expertise to the company. As Vice President, he ensures that every project—from initial design to deployment—meets the highest standards of safety, quality, and technical excellence. His steady guidance underpins the firm’s reputation as a trusted partner for government and providers alike
