

Circle Onboarding Guide

This document will assist you in getting familiar with and building your presence in the CSA Circle platform.

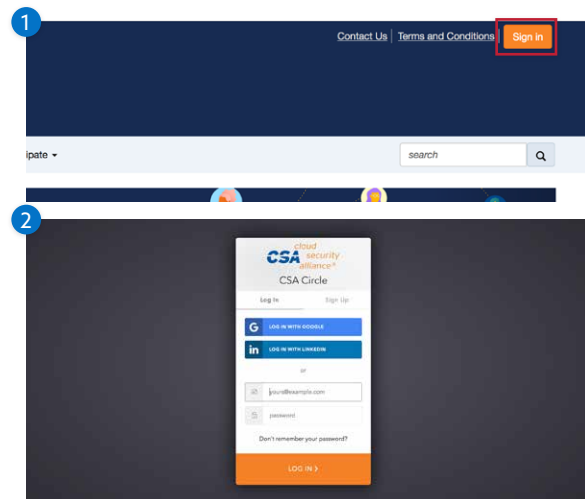

What is Circle?

Circle is a global community that facilitates resources and security discussion within a diverse group of CSA partners. Our goal is to be the core foundation of the most vital information security community in the world.

Instructions

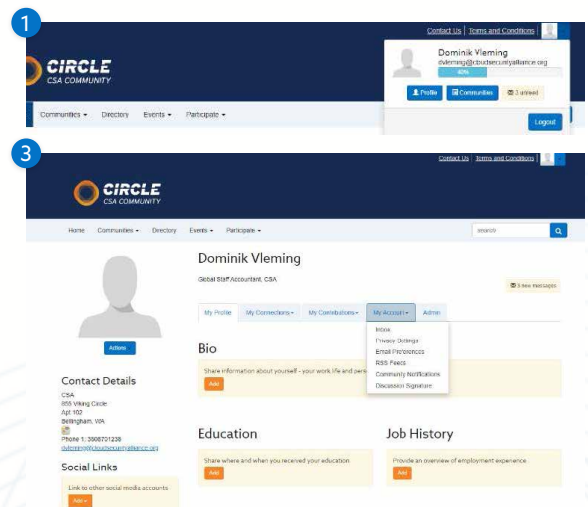

Create an Account - <https://circle.cloudsecurityalliance.org/home>

1. Click the "Sign in" button at the top right of the page.
2. You will then have the option to sign up. You can use your Google account or create an independent Circle account.

Set Up Your Profile

1. Log into your account and click the arrow at the top right of your screen to pull up your profile options. Select "Profile."
2. From your profile page, you can select to update your Bio, Education, Job History, and Social Links.
3. Click on the "My Account" dropdown for additional customization, such as privacy settings and email preferences.

Join a Community

Now that you have your profile set up you are ready to join a community! Click "Communities" on the dropdown menu at the top and select "All Communities" to get started.

1. You will see a list of all communities available to you, each with a description to tell you a little about it. Once you have found a good match, click the "Join" button.
2. You will then be asked how you would like to receive messages within this community. Select your preference then click, "Yes, join community."
3. You will be directed to the community landing page where you will have access to the latest shared files as well as the current members of the community.
4. Click the "Settings" button next to the community name to invite others to join the community or to change your notification preferences.

Can't Find a Specific Community?

Some communities are Invitation Only. Contact the community admin and they can invite you to the community. If you are having trouble finding your community admin, please contact Jaclyn at jparton@cloudsecurityalliance.org.

Post a Discussion

1. To start a new discussion thread within your community, click the "Discussion" tab and then "post a message." You will then be redirected back to the main discussion page.
2. To interact with your discussion post, you can reply publicly, reply privately, recommend the post to a colleague or add the poster to your contacts within Circle.

Contact the Circle Site Admin Jaclyn for more Information jparton@cloudsecurityalliance.org.
