

Module 36- Phonics and Sight Words Assessment

Modules 30-35

Teachers: Below is a document that follows the Power Point Presentation titled: Module 24- Phonics & Sight Words Assessment Modules 18-29. Record each of your student's responses from the assessment on this document. Follow the directions below while testing your students:

Phonics: Sound Production and Word

Slide 3: "I am so excited for you to show me all the phonics you know. I will show and name a phonogram and ask you for its sound. I will give you an example of a word with the phonogram and then ask you to name another word."

Slides 4-21:

"[Name the phonogram]

What sound does it make?

_____(word from next slide) has a _____ (phonogram),
what is another word with ____ (phonogram)?"

Example:

"Short a-

What sound does it make?

cat has a short a,

what is another word with a short a?"

Sight Words

Slide 22: "Now you get to read me all your sight words."

Slides 23-46: "What word is this?" (Once student gets the pattern, you can just click through the slides.)
