

A Big Blue?

I can see

a big,

blue bee.

A bee can
see a big,
blue bug.

A bug can
see a big,
blue butterfly.

A butterfly
can see
a big,
blue bird.

A bird can
see a big,
blue bunny.

A bunny can
see a big,
blue beaver.

A beaver
can see

a big,

blue bear.

A bear can
see a big,
blue buffalo.
