

Name: _____ Date: _____

Make a Number

Use your base-ten blocks to draw the rods and cubes on the place-value chart. Then write the number they make on the line. Match the color to the correct answer on the picture to color in the bunny!

Example:

What number is made from 2 rods and 3 cubes?

Tens	Ones
	

23

PURPLE

1. What number is made from 1 rod and 5 cubes?
