

Name: _____ Date: _____

Compare and Color!

Estimate and measure to the nearest whole number to compare length.

Look at the lines or items below. Estimate how long each item is and write your estimation on the first box. Next, use your ruler to measure each item to the nearest inch. Write this measurement in the second box. Then, circle the item that has the greater measurement. Color the detail of the banner the color of the item with the greater length!

Example: Color in the soccer ball...

		Orange	
Estimation	Measurement		
<div><div>4</div>inches</div>	<div><div>5</div>inches</div>		
			Purple
Estimation	Measurement		
<div><div>4</div>inches</div>	<div><div>4</div>inches</div>		

I. Color the pentagons on the soccer ball...

		Blue
Estimation	Measurement	
<div><div></div>inches</div>	<div><div></div>inches</div>	
		Black
Estimation	Measurement	
<div><div></div>inches</div>	<div><div></div>inches</div>	

2. Color the soccer field...
