

Bubble Boundaries

Scene	Description	Narration
1	A happy kid with a bubble wand.	Asher loves to blow bubbles and watch where they land. Let's find out if these bubbles will land inside or outside of different shapes!
2	A big orange square appears. Asher blows a bubble which floats inside the square.	Here comes a bubble. Did it land inside or outside of this square?
3	The bubble pops.	Yes, it landed inside the square.
5	A big orange circle appears, and Asher blows another bubble. The bubble floats and lands outside of the circle.	Wow, that's a big bubble. Did it land inside or outside of this circle?
6	The bubble pops.	You got it, this bubble is outside of the circle.
7	A big orange star appears, and Asher blows another bubble. The bubble floats and lands inside of the star.	Here's another of Asher's bubbles. Did it land inside or outside this star?
8	The bubble pops.	Correct, it is inside the star.
9	A big orange irregular shape appears, and Asher blows another bubble. The bubble floats and lands inside of the shape.	Where will this bubble go? Did it land inside or outside this shape?
10	The bubble pops.	It landed outside of the shape.
11	Asher blows a bubble that floats around and lands on his head.	Where is this bubble headed? Hey, it landed on Asher!
