

# SCIENCE

## Magnets

Name: \_\_\_\_\_

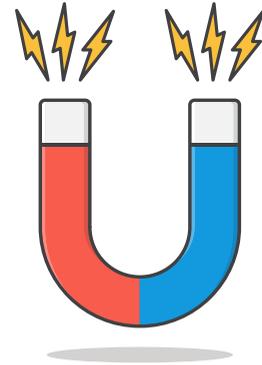

Date: \_\_\_\_\_

### Directions:

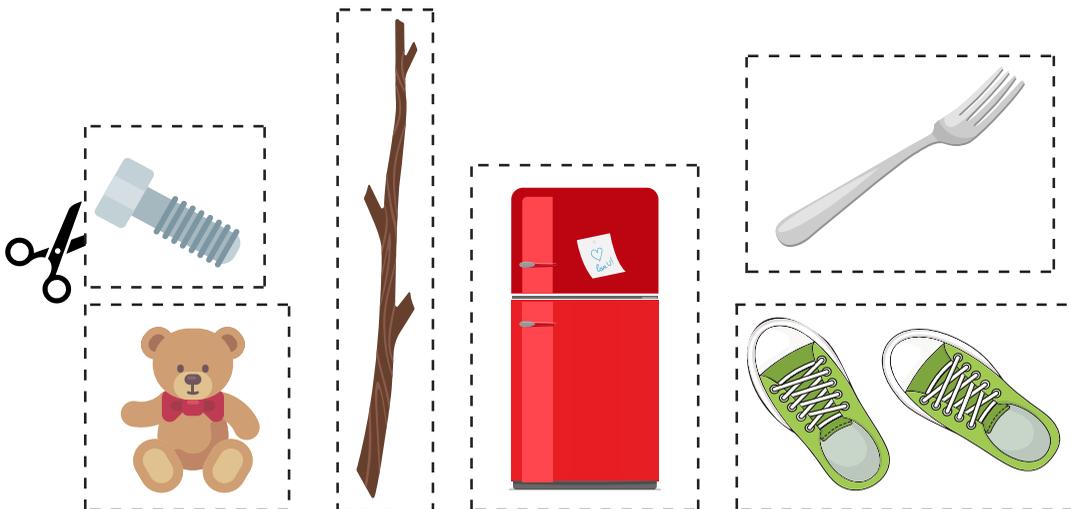

Use what you know about classifying to complete the questions.

#### I. Magnetic Sort

- Cut out the pictures.
- Sort the pictures into whether they are magnetic or not magnetic.
- Paste the pictures in the correct places.

Magnetic	Not Magnetic

## 2. Magnet Exploration

- Make a prediction for each object. If you think the object is magnetic, color the thumbs up. If you think the object is NOT magnetic, color the thumbs down.
- Choose 2 objects of your own and draw them in the boxes.
- Predict if the objects you chose are magnetic.

Object	Predict Do you think this object is magnetic?	
		
		
		
		
		
		

3. Now, test each object from the chart with a magnet. Draw the magnetic objects in the box below.
