

# Personal Human Capital Assignment

**Directions:** Think about what you might want to do for work when you grow up.

I. Draw a picture of what that job looks like. If you want to be a firefighter, you could draw yourself with a fire helmet, hose, and firetruck. If you want to be a teacher, you could draw yourself in front of a white board teaching students at their desks.

- What do you want to be?

Name: \_\_\_\_\_

I want to be a(n): \_\_\_\_\_

2. Now you have an idea of what you want to be when you grow up! Think of three things you would have to learn so that you could do that job. This is your own personal human capital. Do you need to take classes to learn how to do this job? What kind of classes? What do you think you could learn in these classes? Do you need lots of practice to gain experience? How would you practice?

- What are three things you think you will need to know to do this job?
