

Outer Space to My Backyard - Texas

Where do you live? Do you live in a house or an apartment? Do you live in the city or the country? Let's start with our galaxy and travel all the way to your backyard.

You live in our galaxy called the Milky Way.

You live in our Solar System inside the galaxy. Can you find our planet?

Yes, you live on the planet Earth, in the solar system, in the Milky Way. Can you find our continent?

Excellent, you live in North America, on planet Earth, in our Solar System, in the Milky Way. Can you find our country?

Correct, you live in the United States of America, in North America, on Earth, in our Solar System, in the Milky Way. Which state do you live in?

Find your state. You live in your state in the United States of America, on Earth, in our Solar System, in the Milky Way. Which city do you live in?

Which part of your city do you live in? Do you live in a town? On a reservation?

Inside your city, you live in a county. Which county do you live in?

Now, what is your address? Where is your home on the street?

And now we're in your backyard. From the Milky Way to your backyard. This is where you live.
