

Student Name:

### Representing Native America

1. Who or what is the subject of the painting, and what seems to be happening? Which tribe is being represented in the painting?

2. What details in the painting reveal or suggest aspects of Native American life and culture?

3. What do these details suggest about perceptions of Native Americans?

---

## Representing Native America

4. What overall feeling or mood is expressed in the painting? (How does the artist seem to feel about Native Americans?)

5. If most Americans saw Native Americans the way this artist did, how would those perceptions affect their feelings about the Indian Removal Act and similar laws?
