

Course Description: Welcome to the beginning of your journey into World Languages! In this introductory course, we will lay the foundation for your understanding and use of basic Spanish, French and German. Designed for complete beginners, this course will guide you through the essentials of Spanish, French and German alphabet, pronunciation, and essential conversational phrases. You will also learn how to describe yourself and others. By the end of this course, you will be able to engage in simple conversations, understand fundamental language structures, and possess a basic vocabulary that will serve as your toolbox for further learning.
