

Comparing Integers

Directions: Watch the video to see an instructor demonstrate a process you can use to solve these problems. Make sure you follow along with the instructor by writing down the steps they use. This will help you learn and remember how to solve each question.

1. Write an inequality that compares -15 and -8 using the \geq symbol.

2. Yesterday the temperature was -11°F and today it was 0°F . Was it warmer today or yesterday?
