

## LESSON 1 • DESIGN A COUNTRY ACTIVITY

**Instructions:** Using the five themes of geography, dream up a country and create a map of the country. The map should show natural (rivers, mountains) and man-made (highways, major cities) features. Name your country, decide which products will provide the economic basis of your country, and include any significant landmarks or tourist attractions. Be sure to include a key for the map.

Name of Country:

Natural Features:

Man-made Features:

Climate:

Exports & Economy:

Tourist Attractions & Recreation:
