VETERINARY REPORT FOR SYNDICATION

Breeding: Sire: SUPER ONE

Dam: SARAWAK 2018 colt

Brands: NS: K INSIDE CIRCLE

OS: 21 OVER 8

Microchip: 985100012156920

Colour: Bay

Location: Magic Millions complex Morphettville

Date: 11/03/2020

This suitability for syndication as a racehorse examination included a general physical examination and examination at the walk. The horse appeared in good health and condition. No abnormalities were detected on auscultation of the heart and lungs and examination of both eyes. There was no evidence of lameness at the walk and the horse moved freely. No abnormalities were detected on palpation and manipulation of his legs and joints. His conformation was considered acceptable for racing.

Based on my examination at this time I find the horse to be suitable for sale/ syndication as a racehorse. This report was prepared for inclusion in a promoters disclosure statement but is not a pre-purchase examination. I acknowledge that this certificate may be relied upon by prospective investors. I certify that I have no current or contemplate future interest in the above horse other than in the supply of the veterinary opinion of suitability for syndication.

Yours Sincerely,

Dr Michael L Taylor BVSc (Hons) MACVSc (Equine Surgery)
