Microchip: [985100012243041](#)

Signalment: Bay/Brown Filly

DOB: 27/10/2024

Branded: N.S.S. Bar over U only MS
O.S.S. 11 / 4

Veterinary Certificate - Fit for Syndication

Clinical: This horse was clinically examined, walked and trotted at Kolora Lodge, Waterford, QLD on 9th June, 2026. There were no significant abnormalities. The horse appeared in good health and condition. No abnormalities were detected on auscultation of the heart and lungs. No abnormalities were detected on manipulation and palpation of the legs and joints. There was no evidence of lameness at the trot and the horse moved freely. Examination of the eyes was normal.

No electrocardiography, endoscopy or radiographs were requested or performed.

In my opinion, based on these findings, the filly is suitable to be a racing proposition and for syndication.

This certificate may be relied upon by potential investors, however it does not constitute a 'pre-purchase' examination. The issuing veterinarian has no financial or other interest in the horse syndicate or monies raised from the syndicate.

If you have any queries please call to discuss.

Janine Dwyer B.V.Sc.(hons), Dip.Vet.Clin.Stud., M.A.N.Z.C.V.Sc.(Eq.Med., Eq.Surg., Eq.Dentistry)
