Signalment: Bay colt

DOB: 6/09/2024

Branded: N.S.S. SCI
O.S.S. 42 / 4

Veterinary Certificate - Fit for Syndication

Clinical: This horse was clinically examined, walked and trotted at Kolora Lodge, Waterford, QLD on 9th June, 2026. There were no significant abnormalities. The horse appeared in good health and condition. No abnormalities were detected on auscultation of the heart and lungs. No significant abnormalities were detected on manipulation and palpation of the legs and joints. There was no evidence of lameness at the trot and the horse moved freely.

The horse has a slight parrot mouth of approximately 1cm so regular dentistry is recommended. This should not have any bearing on being a successful racing athlete.

Examination of the eyes were normal.

No electrocardiography, endoscopy or radiographs were requested or performed.

In my opinion, based on these findings, the colt is suitable to be a racing proposition and for syndication.

This certificate may be relied upon by potential investors, however it does not constitute a 'pre-purchase' examination. The issuing veterinarian has no financial or other interest in the horse syndicate or monies raised from the syndicate.

If you have any queries please call to discuss.

Janine Dwyer B.V.Sc.(hons), Dip.Vet.Clin.Stud., M.A.N.Z.C.V.Sc.(Eq.Med., Eq.Surg., Eq. Dentistry)
