**Signalment:** DOB: 2/10/2018. Chestnut thoroughbred filly.

**Branded:** A over Bar Sidewards clockwise K C N.S.S.  
1 over 8 O.S.S.

Veterinary Certificate - Fit for Syndication

Clinical: The filly was clinically examined, walked and trotted at Kolora Lodge, Waterford, QLD on 7th July, 2020. There were no significant abnormalities. She appeared in good health and condition. No abnormalities were detected on auscultation of the heart and lungs. No abnormalities were detected on manipulation and palpation of the legs and joints. No response to hoof testers was found. There was no evidence of lameness at the trot and the horse moved freely.

No electrocardiography, endoscopy or radiographs were requested or performed.

In my opinion, based on these findings, the filly is suitable to be a racing proposition and for syndication.

This certificate may be relied upon by potential investors, however it does not constitute a 'pre-purchase' examination. The issuing veterinarian has no financial or other interest in the horse syndicate or monies raised from the syndicate.

If you have any queries please call to discuss.
