FIT FOR SYNDICATION

HORSE: UNNAMED  
SIRE: DUNDEEL  
DAM: LAMARQUE  
DESCRIPTION: Bay Colt  
MICROCHIP: 985100012166626  
BRANDS: NSS: Jockey Cap Over Three Conjoined Diamonds  
OSS: 114 over 9  
DATE: 11<sup>th</sup> February 2021

On 10<sup>th</sup> February 2021, the above-described horse was examined for the purposes of providing a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication for Flying Start Syndications.

Clinical Examination

The clinical examination included auscultation of the heart and lungs, recording of rectal temperature, ophthalmoscopic eye examination, incisor teeth examination, forelimb and hindlimb flexion and joint palpation which were normal.

In my opinion, at this time and within the confines of the examination performed, the colt presented appears suitable for purchase as a racehorse and suitable for public syndication for racing purposes and mortality insurance.

The colt has no abnormalities or deformities which will prevent him from racing or racing to his full potential.

Should you required further information regarding this horse, please do not hesitate to contact me.

Regards,

Dr. Sean Madigan MVB MRCVS

This certificate has been prepared for the inclusion in the disclosure statement of the thoroughbred in question. This certificate may be relied upon by potential investors; however it does not constituted a "pre-purchase" examination. I certify that I have no current, nor contemplate, future interest in the above-described horse, other than in the supply of a Veterinary opinion of suitability for racing. Furthermore, I am aware that this report is provided to Flying Start Syndications for use by them in promoting the sale of the above-described colt.
