

Bullying and Violence Prevention

Family Reflection Page: Laurie Grossman

Grade Level: PreK-2

Use this reflection page to explore the thoughts and ideas expressed by Laurie Grossman in the Deeper Look Video on bullying.

1. In this piece, Ms. Grossman speaks of how all students recognize bullying, especially on the school playground. How do you recognize when bullying is happening?

2. Ms. Grossman says that bullying “affects you...how you are in the world.” Share a memory of an incident of bullying. What was your role? How has that incident of bullying affected how you are in the world? How has it shaped the way you respond to bullies in your own life? In your child’s life?

3. How do you talk with your child to help him or her understand bullies, victims, and bystanders?

4. What would you like to learn more about to help your child deal with bullying?
