

## OUR SWEET LOVE

**Our sweet love stands in the rain  
Our sweet love  
Our sweet love will always remain  
Our sweet love**

**Our sweet love shines like pure gold  
Our sweet love  
Our sweet love will never grow old  
Our sweet love**

**Wondrous delight my dream in the night  
Can only be right for you my darling**

**Our sweet love is red and blue  
Our sweet love  
Our sweet love is nothing but true  
Our sweet love**

**When will the shackles be broken and free  
So we can live our lives in harmony**

**Our sweet love is the night and the day  
Our sweet love  
Our sweet love is here to stay  
Our sweet love**
