Have you heard the news?

The new CD, **Southern White Lies** is now #2 on the **EuroAmericana Chart!!!!** It also debuted at #9 on the Freeform American Chart in September. Needless to say, we are thrilled with this recognition and the many fine critiques from all over the world. Here are a few recent review highlights: "A musical orgasm, straight to the top of the Americana scene - Beale Street." "The band you dream of stumbling on in a Nashville Bar. Loretta would be proud; Martha has set the benchmark very high. Her voice oozes out of the speaker like maple syrup laced with moonshine. - The Rocking Magpie." "An exceptional CD, you could not come closer to perfection. Almost never have I heard a band tighter than this - Rootstime." "Evoking the expressive power of Guthrie, Dylan and Lucinda, every song comes from the heart.- Roots Highway." "A breath of fresh roots air, with depth it tells a rejuvenating and invigorating southern story - LoneStar Time." "A brave album, manages to combine the anthems of Guthrie with Gentry's Southern documentation. - Blabber 'n' Smoke." (For more reviews click here: <http://texasmarttha.com/music-reviews>).
