Vs 1

Are you walking this valley, dreary & long?
You feel like you're moving so slow & alone
But my friend let me tell you, of this I know
This valley was placed here for you to rest & to grow!!!

Cho

There's hope in the valley, tho there's no end in sight
Cling to the Master as He restores you inside
Let the healing begin, as He makes all things new
Church, there's hope in the valley; He made this valley for
you!

Vs 2

You see this valley is fertile, so fresh & alive
A source of living water bringing life to that which died
A refuge in times of trouble for your soul to abide
This valley will prepare you for the mountains you must
climb!!

Chorus
