Verse 1

I've walked thru the valley of dry desert sand
I've felt like a stranger in a foreign land
Faced raging rivers high rising tide
But Jesus you've always been by my side
You've never forsaken or cast me away
No matter the season or hour of day
You're there to uplift and light my way
Forever I'll serve you, forever I pray!

Verse 2

I've walked in the darkness led by your light
Fought battles faced trials with power & might
Stood in the gap for souls pending defeat
No power in hell can make me retreat
In your strength I will heed to the call
Walking by faith to reach any and all
Your servant I'll be on this journey each day
Forever I'll serve you, forever I pray!

Chorus

Forever I'll serve you, forever I pray
I'll look to the master to show me the way (show me the way)
He's walking beside me each passing day
I'll lean on His mercy, redeemed by His grace
Bought by His blood, I must finish this race
Forever I'll serve you, forever I pray

Bought by His blood, I must finish this race
Forever I'll serve you, forever I pray!
