Verse 1:

You bore the cross. You suffered and cried.  
On Golgotha's hill for my sins you died.  
Your infinite love shone brightly that day.  
In death as in life you were pointing the way!

Chorus:

The way to the cross is the road less traveled.  
Open to those who are humble and yielded.  
Strait is the gate and narrows the way.  
The cross is the way, press through and pray!

Verse 2:

Yearning for freedom but filled with despair.  
Emotions are raging your minds so unclear.  
The way to the cross often riddled with fear.  
But hold your head high, His coming is near!

Chorus x 2
